

# NJAFS 2026 SPRING SEMINAR

ODDITIES, CURIOSITIES & SOLUTIONS IN FORENSIC CASEWORK  
NAVIGATING ATYPICAL CHALLENGES ACROSS DISCIPLINES

MAY 1<sup>ST</sup> 2026  
8am to 4pm

CLARIDGE HOTEL  
123 South Indiana Avenue  
Atlantic City, NJ 08401

## OVERVIEW:

Explore complex and unconventional cases that push forensic science beyond standard protocols. From DNA and chimerism to toxicology challenges, mass fatality response, forensic anthropology, and unusual drug smuggling mediums, this seminar presents real-world examples where atypical evidence demanded innovative, defensible solutions. Attendees will gain practical insight into cross-disciplinary collaboration, sharpen critical thinking skills, and strengthen their ability to navigate rare or evolving scenarios with confidence and scientific integrity.

## TOPICS

- DNA/CHIMERISM
- TOXICOLOGY CHALLENGES
- MASS FATALITY TRAINING
- FORENSIC ANTHROPOLOGY
- UNUSUAL DRUG SMUGGLING MEDIUM
- AND MORE....
